

INCREDIBLE DOG SHOWER CO

“A kind and comfortable shower experience for your dogs”

Our Mission...

Our Mission is to change people’s approach to every day dog washing through a new and innovative product, that improves the quality of life for dogs and their owners.

The Incredible Dog Shower is a new, innovative solution that makes washing dogs easier.

A kind and comfortable ‘at-home’ dog shower experience that seamlessly integrates into your boot room, utility or garage, or simply stands alone in a garage or outbuilding.

Designed and manufactured in the UK to the highest quality standards.

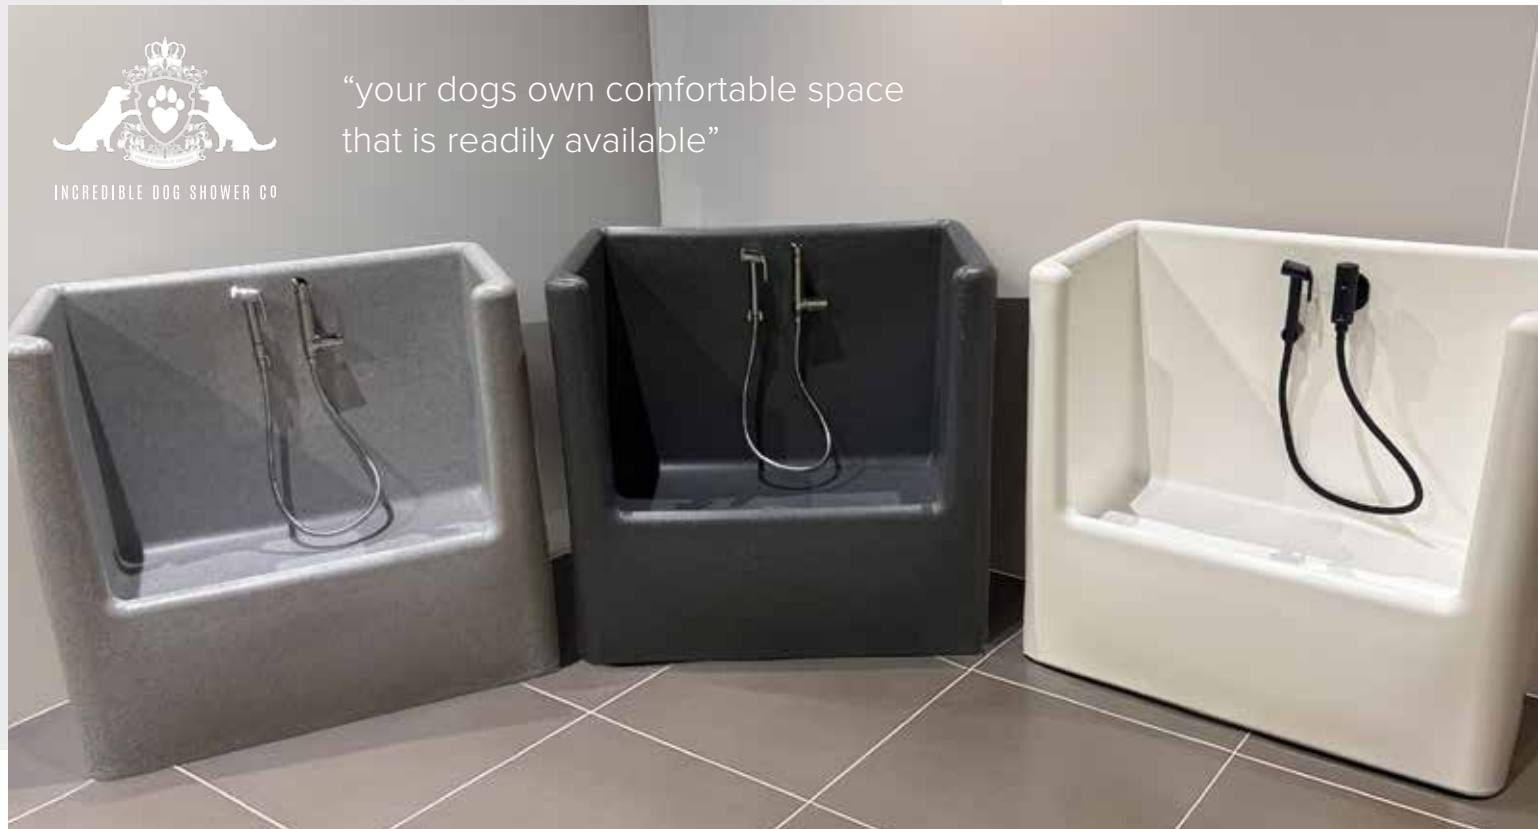

The Incredible Dog Shower provides a warm shower after a cold muddy walk, no more showering outside with a hosepipe, allowing bonding time between you and your dog.

Installing the dog shower in the utility room/boot room keeps other parts of your home free from dirt and debris, reducing wear and tear on your household items.

The shower is your dogs own comfortable space that is readily available, no waiting for the bathroom or sink.

It's a great way to keep the mess out of your family bathroom and kitchen sink, improving hygiene by reducing contamination from fox/dog poo.

“your dogs own comfortable space
that is readily available”

Kind, at-home experience

The Incredible Dog Shower is a readily available, comfortable space for your dog and serves as a kinder alternative to grooming parlours. Your dog may not like going to the grooming parlour and may find the experience stressful.

The dog shower reduces physical injury risks for both you and your dog by eliminating the need to lift your dog into sinks or carry them upstairs, making it easier for those with health conditions.

Meet the **Nomad** and the **Explorer**: Ready Wherever You and Your Dog Roam.

The Incredible Dog Shower is simple to install and uninstall, wherever water and drainage are available. Trigger spray to limit water use, fur trap, integral thermostatic shower valve.

Incredible Dog Shower - Nomad

595mm (w) x 550mm (d) x 868mm (h)

Made from Glass Reinforced Fiber with sustainable Bio Resin, derived from renewable sources such as plants, algae, and waste materials. This innovative material reduces reliance on fossil fuels, supports a circular economy, and helps combat climate change and plastic pollution.

Incredible Dog Shower - Explorer

895mm (W) x 550mm (D) x 868mm (H)

Material: Made from tough, durable, lifelong Polymer, fully recyclable and engineered for strength and resilience.

Testimonials

“We have been washing our spaniels in a butler sink for years and generally turning the utility room into a swamp. Oh how much easier is the shower! Molly and Midge are perfectly happy using it and it makes their very muddy spaniel walks so much less stressful, knowing a lovely hot shower is waiting and I can get them really clean. Thank you for making my life so much easier!”

Heather
Hampshire

“As a nation of dog owners, it seems incredible that this clever dog shower wasn’t designed earlier.”

The Life Magazines.

“Overall, it’s an excellent design and product that I will recommend to others. Bonnie and Maisie are now enjoying warm showers after their particularly muddy walks! This has made cleaning them after a walk so much easier

Donald
Aberdeen

“The dog shower saves time in terms of both cleaning and effort. Mud is contained to the utility room instead of the upstairs bathroom or the hosepipe!”

Annabel
Surrey

“The Incredible Dog Shower transforms the stressful hard work routine into a dedicated delightful experience.”

Irish Examiner

“Having the Incredible Dog Shower installed in my utility room is a game changer for me and my dog Rupert. Previously I had to use the family shower for Rupert’s paws after his daily walks. Now after each walk, he will hop up into the shower and wait for me to clean his paws”.

Maria
