INCREDIBLE DOG SHOWER CO

A LUXURY DOG SHOWER DESIGNED AND MANUFACTURED IN THE UK

Designed for your dog. Built for everyday life.

INCREDIBLE DOG SHOWER CO

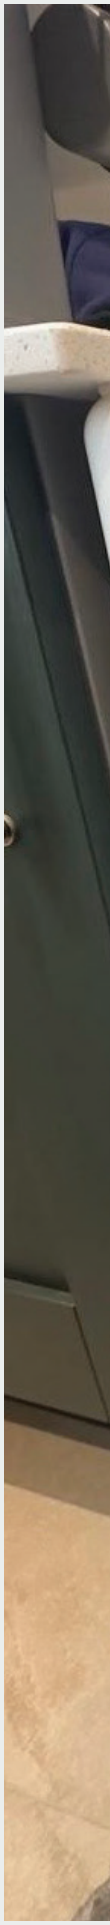
Designed for your dog. Built for everyday life.

Our mission is to make washing your dog at home kinder for them and easier for you. **The Incredible Dog Shower** is designed around real life with dogs – muddy walks, wet coats and wagging tails that don't stop at the back door.

Instead of bending over baths, balancing dogs in sinks or battling with a hose outside, your dog has a dedicated space of their own. It's always there, always familiar, and turns shower time into a simple everyday routine.

The Incredible Dog Shower is a UK-made dog shower that integrates neatly into kitchens, utilities and boot rooms, or can stand alone in a garage or outbuilding. Practical enough for daily use and refined enough to sit alongside premium cabinetry and appliances, it brings a warm, comfortable dog shower into the heart of your home.

"A calm, comfortable shower experience, in a space your dog knows by heart."



DESIGNED FOR DOGS : BUILT FOR EVERYDAY LIFE

INCREDIBLE DOG SHOWER CO

A cleaner home. A simpler routine.

Mud, outdoor debris and fur stay in one place instead of travelling through the house. Washing paws and coats straight away helps prevent outdoor dirt and mess from travelling into kitchens and living spaces.

A low-entry base and integrated thermostatic mixing valve help create a comfortable, controlled showering experience. Designed to complement your home and the way you live, The Incredible Dog Shower can be installed directly at floor level or raised on a bespoke plinth to create a more comfortable working height.

A gentler way to shower dogs at home...

Your dog is part of the family, so washing them shouldn't feel like something they simply have to endure. A gentle, trigger-operated spray gives you precise control over the water flow, so you can rinse paws, legs and tummies without splashing, startling or over-soaking.

Because everything happens at home, in a space they recognise, many dogs feel more relaxed than they might in a busy grooming parlour – especially puppies, older dogs and nervous rescues.

Your dog's very own shower on hand after every adventure...

INCREDIBLE DOG SHOWER CO

Choose the dog shower that's right for your home

Both Nomad and Explorer are made in the UK from a durable, premium quality polymer that is easy to care for and designed for everyday use. It is 100% recyclable at the end of its life, and designed for straightforward installation wherever there is access to hot and cold water and suitable drainage. Each model includes a water-efficient trigger spray, integrated waste and thermostatic mixing valve.

NOMAD

595mm (W) × 550mm (D) × 868mm (H)

Our most compact model, Nomad is designed for small to medium dogs and homes where space is at a premium. Its considered proportions allow it to sit neatly alongside cabinetry and appliances, offering the same thoughtful design and practical features as Explorer within a smaller footprint.

Ideal for: Small to medium dogs, utility rooms, boot rooms and more compact spaces.

EXPLORER

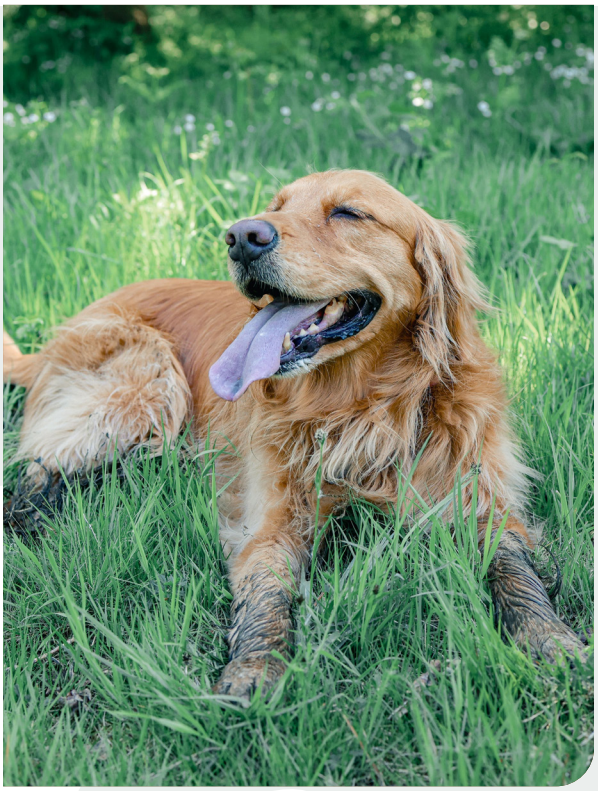
895mm (W) × 550mm (D) × 868mm (H)

Our larger model, Explorer is designed for medium to large dogs and households where a little more room makes all the difference. Its generous proportions provide comfortable space for larger breeds and easier handling at shower time, while retaining the same considered design and practical features as Nomad.

Ideal for: Medium to large dogs, family homes and multi-dog households.

Colours and finishes

Nomad and Explorer are available in our three Core Colours: Porcelain White, Mineral Grey and Cotswold Stone. Each can be paired with a choice of Chrome, Matt Black or Brushed Brass fixtures, allowing the shower to complement the surrounding room.



Testimonials

"The Incredible Dog Shower transforms the stressful hard work routine into a dedicated delightful experience."

Irish Examiner

"As a nation of dog owners, it seems incredible that this clever dog shower wasn't designed earlier."

The Life Magazines.

The Incredible Dog Shower is an absolute game changer for anyone with active dogs. It takes all the stress and heavy lifting out of post-walk clean-ups, keeping the rest of the house completely mud free.

Fiona Liverpool

Since it has been fitted it has transformed our lives. No more filling the bath. No more carrying a 15 kilo fur baby through the house. Straight after the walk, into what is no longer the utility room but Mabel's en-suite shower room...it's an incredible piece of kit.

Kevin from Lincolnshire

We have been washing our spaniels in a butler sink for years and generally turning the utility room into a swamp. Oh how much easier is the shower! Molly and Midge are perfectly happy using it and it makes their very muddy spaniel walks so much less stressful, knowing a lovely hot shower is waiting and I can get them really clean. Thank you for making my life so much easier!
